Answers for (b).

[illegible]

Question 3 – [10 marks]

“Experience of the swing ride”

Imagine yourself during your school days, riding a swing in the school playground.

- (a). Create a drawing to capture your *experience of the swing ride* while you are riding. [10 marks]

You are expected to draw your experience of riding the swing.

Use colors if you like.

Use the space below for the drawing of Question 3

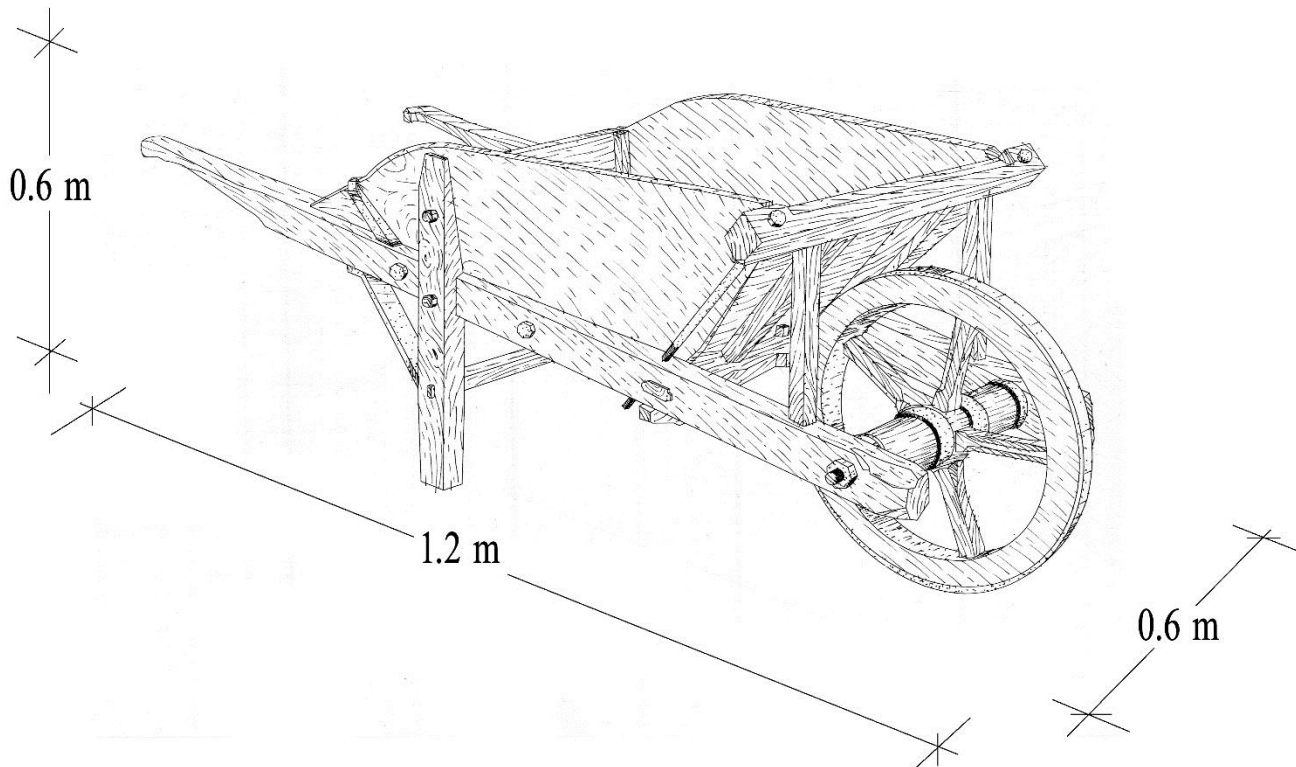

Total marks

Question 4 - [20 marks]

“Wheel-barrow to Tree hut”

The image below shows a line drawing of a **wheel-barrow** made out of wood and steel.
The size of the wheel-barrow is indicated in meters.

Total marks

(a). Study the image and sketch (draw) the following;

- The view of the wheelbarrow directly from above (plan view) [4 marks]
- The view of the wheelbarrow directly from the long side (side elevation view) [3 marks]
- The view of the wheelbarrow directly from the front (front elevation view) [3 marks]

(b). Read the instructions below and design a **Tree Hut** with a simple way to reach it from the ground.
Use separated parts of the enlarged Wheel-barrow.
[10 marks]

Imagine the wheel-barrow to be three (3) times bigger than the sizes given above.

Assume that all individual parts of the enlarged wheel-barrow can be separated. You cannot cut the separated parts in to smaller pieces.

You are given one (1) piece of 2m x 2m size fabric and some nails.

You also have five (5) pieces of 5m long rope to use. You can cut this rope into shorter pieces if you like.

Space for the drawing of Section (a) of Question 4

Space for the drawing of Section (b) of Question 4

END of Section 1
