APTITUDE TEST

for the Admission to Bachelor of Architecture (B.Arch.) Honors Degree and Bachelor of Landscape Architecture (BLA) Honors Degree Programs -2019

Duration

Three Hours- 03 Hours - for both **Section 1** and **Section 2**

General Instructions to Candidates

1. Spend at least 15 minutes to read this question paper carefully at the beginning.
2. This paper contains Two (2) Sections.
3. Answer all questions.
4. To pass this aptitude test, a candidate should obtain a minimum mark of 60% of the allocated marks for the each "Section" (1 and 2).
5. Questions should be answered in ENGLISH only. (Sinhala and Tamil translation will be given on request but you are required to answer on the English version (original paper)).
6. All questions to be answered on the question paper it-self.
7. Extra answer sheets will **not** be provided.
8. Extra A4 blank sheets for rough work will be issued on request.
9. Candidates must write their **Index Number** clearly and correctly on all answer sheets.
10. **Section 2 with 20 - IQ type questions will be given 40 minutes before the closing time.**
11. Stop when instructed and place the answered paper face down on your desk.
12. See the page numbers in order – this paper (in both Sections 1 and 2) has 12 pages.
13. Use graphite (B) pencils for sketching and drawings.
14. **DO NOT USE COLORS** for sketching and drawings.

Section 1 will be given at **09.00 am**
This section has 5 general type questions

Section 2 will be given at **11.20 am**
This section has 20- IQ type Questions

Section 1	
Question One	/20
Question Two	/20
Question Three	/15
Question Four	/10
Question Five	/15
Section 2	
20 -IQs	/20
Total	/100

Questions in **Section 1** are based on visualization, imagination and creativity in respect to i) two and three dimensional objects, ii) combination and composition of two and three dimensional elements, spaces or shapes, iii) subtle understanding of scale and proportions, imaginative comprehension and expression etc.

This page is **BLANK** – do not write or draw

Section 1 *Answer all questions in this Section (Section 2 will be given at 11.20 am)*

Question One – 20 marks

A grasshopper sitting on the edge of a ceiling fan blade in living room of a house captures images of the space below. Its compound eyes are efficient to illustrate extensive images - not only from the front but also from the backs and sides. Living room is rectangular in shape and tall. Its roof has a large opening to get more natural light into the space. Doors and windows on the walls connect the living room with its outside.

Depict a scenario, the grasshopper enjoys, on a sunny day. You may include people, pets, furniture and equipment, or not. You can illustrate views from the living room or just within the living room.

- *Sketch (draw) the image within the space given below.*
- *Objective of this question is to assess the level of imaginative comprehension and expression*

Space for the sketch

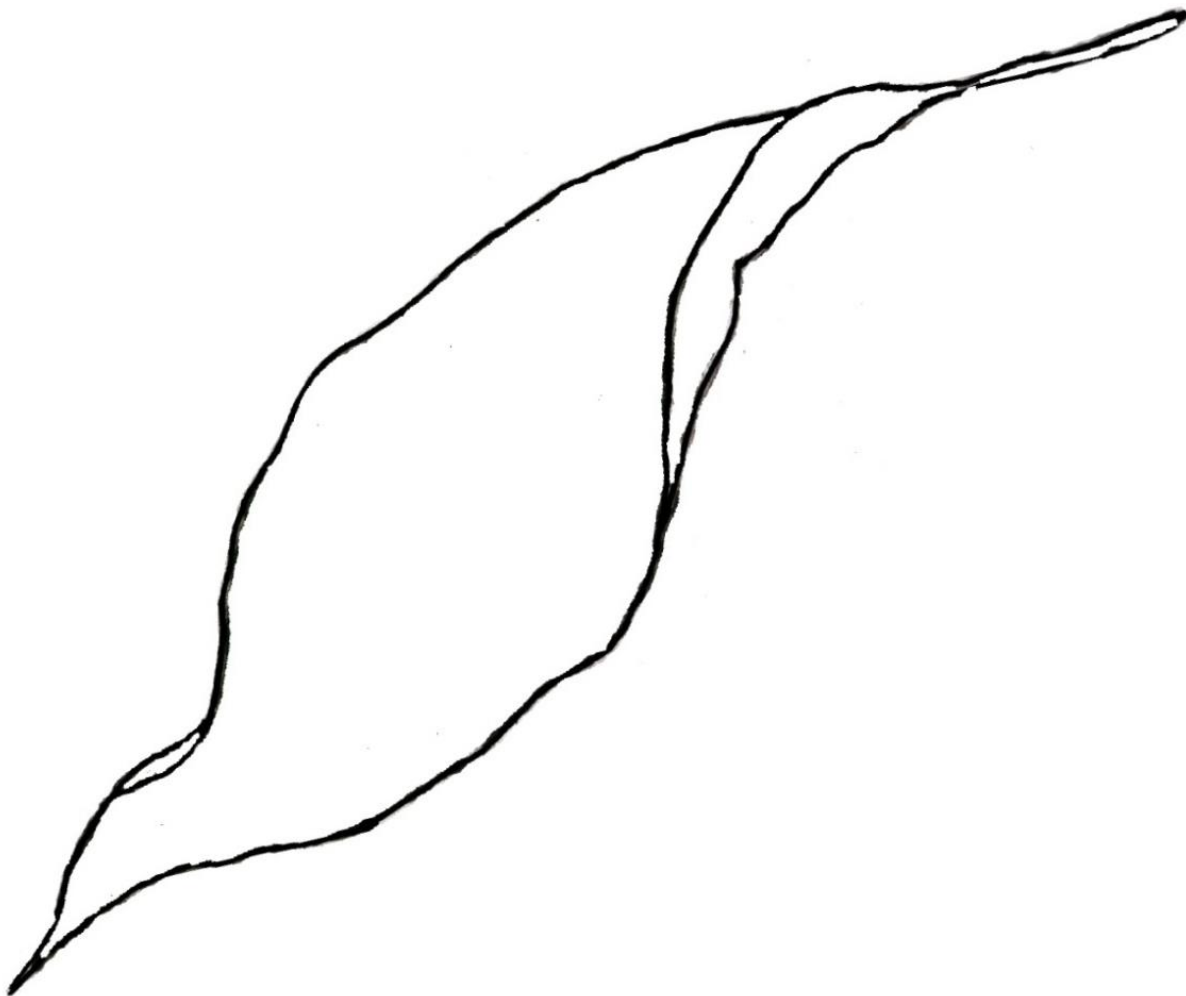

Marking criteria

Pencil works, hatching, shading and boldness of lines 5 marks	Sense of scale, proportions and imagination 10 marks	Clarity and neatness 2 marks	Placing in the space 3 marks
---	--	--	--

Question Two – 20 marks

Following figure shows a line diagram of a mature Mango [*Mangifera Indica*] leaf.

- a). Complete the figure by adding fine details of a typical Mango leaf to highlight its three-dimensional (3D) effect
- b). Get inspired from the shape of the mango leaf and then illustrate an innovative and functional creation. The size of the new creation could either be ten (10) times or fifty (50) times bigger than the actual size of a typical mature mango leaf. Assume that the enlarged leaf is strong enough to use for its new purpose. Your creation could be a life style product or an additional fitting for an interior of a building, garden or public space. If necessary you can use other materials, such as timber, steel, fabric, threads etc with the creation. Use the actual physical properties of the mango leaf in your creation i.e. *softness, ability to cut, bend, twist, fold, drill* or any other. Use the page 5 (next page) to answer this part of the question.

Marking criteria

3D effect, hatching, shading and boldness of lines - **6 marks**

Accuracy and neatness
4 marks

Question Two *continued*.....

■Sketch the creation of part **b).** of Question Two in the space given below

■In addition, do the following along with your creation;

c). Draw at least three (3) annotated sketches for fabricating and fixing details that you will use in your creation

Marking criteria

Pencil works, hatching, shading and boldness of lines - **10 marks**

Question Three – 15 marks *Space for parts b) and c)*

Your life experience with buildings, or urban (town)/rural (village) environments during school days could be memorable. Answer Question (i) in English. Write on the given dotted lines below. Support your reflection with ONE perspective sketch (either *on an appreciation OR a criticism on a place that you have experienced*) in the given blank space.

i). Give a reflection (your idea) on why some spaces succeed (appreciation) while other spaces do not (criticism). *You can comment on any setting (or place) including your school building, school yard, local street, temple, church, kovil, mosque or shopping center* – 6 marks
